TARBELL REPLIES

Answers Defense Made by Kline of Mr. Rockefeller

RETRACTS NOTHING SHE SAID

BUT HANDS OUT HOT ROAST TO MR. JOHN D.

Miss Tarbell Admits She Used State- ments Made in Petitions Not Admitted As Evidence in the Corrigan Case.

New York, July 12.—Miss Ida M. Tarbell, who has written much of interest concerning John D. Rockefeller, and Standard Oil, today made reply to a Scripps McRae Press Association representative to the recent refutation by Attorney Virgil P. Kline of Cleveland, of her charges against Rockefeller in the Corrigan case.

"I see nothing in Kline's statement to make me revise what I have written in the case of Corrigan vs. Rockefeller," she said.

"Kline urges that Rockefeller sold the stock acquired from Corrigan soon after the transaction. I do not see that proves anything. He may have bought it back. He could have done so and made money. He certainly was foolish if he parted permanently in 1895, at least, to any one but a member of his family with any portion of his Standard Oil certificates.

"Kline says I used charges made in the petition instead of in the testimony. I did and I see no reason why I should not have done so. I used nothing which I had not convinced myself was true and nothing which Kline's statement makes me feel I should retract. Kline says I put in quotation marks certain statements which are not in the evidence, as if I were reciting evidence. I certainly used, certain statements and important ones not in evidence, that I had no intention of making it appear that they were in the testimony. If I did give that impression I am at fault.

"One of these statements is in regard to a conversation between John D. Rockefeller and Frank Rockefeller. The latter had pleaded with his brother to be easy with their friend Corrigan. The interview broke up without a decision, but as Frank left the room John called him back. 'Corrigan is going to the wall Frank,' he said. 'I might as well have sold it as anybody. Persuade him to sell it and you get his mining stock.'

"This does not appear in the evidence. I believe it to be true, and if true I see no reason why I should not use it. Moreover, I do not understand that Kline disputes its truth. Another case in which I presume Kline would accuse me of using testimony not in the evidence is that where Rockefeller pressed about an interview which he denied and is described as springing to his feet, exclaiming: 'I call God as my judge that I never had an interview with him after the 29th. I call God to witness that.' Yet later when Judge Burke mentioned the name of a person present in the ante-room to that interview Rockefeller remembered. This occurred at the taking of a Rockefeller's deposition in Cleveland and was stricken from the testimony in the case of either Rockefeller's or Kline's request, but it was used by Burke in the course of the case. I believe it to be true and I do not understand that Kline disputes its truth. I accuse Rockefeller not of breaking the law or even the rules of business as they seem to be interpreted by many men in business. I judge him by the golden rule and I claim that Rockefeller himself gives me the right to use that rule in estimating his character. He presents himself to the public in only two phases as 'the richest man in the world' and as an active adherent to the Christian church."

MUCH DAMAGE DONE.

Hopkinton, Ky., July 13.—A general and heavy rainstorm visited this city and many parts of the county doing great damage to crops. At Geneva, this county, acres of corn were blown down and trees were uprooted. Hail accompanied the rain and wind. The rain in this city almost amounted to a water spout. The Henderson city railway power house was slightly damaged by lightning.

INSTANTLY KILLED.

Fresno, Cal., July 13.—Blaine McMahon, a writer for a sporting paper in San Francisco, was instantly killed, and William Sibbel, a horseman, was fatally injured while driving across railroad tracks in front of a switch engine last night. McMahon leaves relatives in Indianapolis.

IN DENVER NEXT

Buffalo, N. Y., July 12.—The twentieth annual reunion of the Benevolent and Protective Order of Elks will be held in Denver in 1906. One ballot decided that at the Grand lodge meeting, Denver received twice as many votes as Dallas, which made a strong fight, led by United States Attorney William H. Atwell. Atlantic City had few supporters. It is estimated that 50,000 Elks marched in the annual parade.

HIT BY LIGHTNING.

Evansville, Ind., July 13.—During an electrical storm here lightning struck the house of Samuel Rickert and stunned his wife and daughter. They are in a serious condition.

"SCOTTY" MAKES ANOTHER RECORD

HE WHIRLS OVER THE CHICAGO
BOULEVARD IN AN AUTO.
MOBILE

At a Speed Swifter Than Has Ever
Before Been Known in the
Windy City.

Chicago, July 13.—Stripped to a baggy undershirt and a pair of trousers, Walter Scott, who says he had gold property in Death Valley, Cal., of untold wealth, Wednesday whirled over the south side boulevards faster than anyone before has traveled in Chicago.

In the full glare of the arc light opposite the Great Northern Scott divested himself of all superfluous clothing. Then the auto began to move. It flashed down the asphalt pavement at a more speedy gait than any other vehicle—pushed or pulled—ever has traveled Jackson boulevard and Michigan avenue, before. It took Scott, to the accompaniment of an enthusiastic duet of Death Valley shrieks by himself and his wife, just thirteen minutes and thirty-one seconds to reach the Washington cafe at Sixty-third street and Cottage Grove avenue. The usual time is forty-five minutes.

HES FROM KAINTEUCK.

Cynthiana, Ky., July 13.—Walter Scott, the Death Valley millionaire miner, who made the famous record-breaking run from Los Angeles to Chicago, was born in Boone county, this state, about 35 years ago, and when a baby in arms was brought here by his parents and lived in a house in this city opposite the home of Mr. W. S. Cason, a prominent lawyer. Young Scott left here between the age of 10 and 14 years, and went to Texas. His mother was a Boone county lady, and died years ago before the boy left here, and his father is Colonel George A. Scott, a prominent horseman of this county, who lives about four miles southwest of this city.

Walter left here for Texas about 25 years ago, and from there drifted to Chicago with some horses sent to Buffalo Bill from Texas, and there his riding was so much noticed and praised by the famous ranchman that he at once hired young Scott at \$50 per month to go with him.

Young Scott had four brothers in the West, and all live there now except William, who is dead. He has one sister, Mrs. Daniel Ammerman, of this county, wife of a farmer five miles southwest of town. Scott is well (Continued on Page 7.)

WITHOUT BRASS BANDS

WILSON SAYS DEPARTMENT WILL CON- DUCT ITS INQUIRY

Situation is Much Like the One That Confronted the Postal Depart- ment in the Case of August Machen.

Washington, July 13.—That there will be a searching investigation of the entire agricultural department similar to that conducted in the post office department, which resulted in the unearthing of a wholesale system of graft and corruption, seems now inevitable. It is believed that Secretary Wilson has decided upon such a course. When questioned this morning regarding the situation he was unusually reticent. He said, however: "If I should decide that such an investigation is necessary I would not go about it with a brass band. There is no opportunity in this department for the particular kind of crookedness found in the postoffice department. So far, upon my own initiative I have done everything I have considered necessary."

The secretary's investigation of the department will be entirely independent of that now being conducted by the department of justice through the district attorney. He will likely appoint a trusted official of the department to prosecute inquiries.

In several respects the situation in the agricultural department is analogous to that which confronted the postoffice department two years ago. When charges of corruption were first laid before the late Postmaster General Payne he did not believe them. Questioned by newspaper men he characterized the charges as "hot air."

When the recent charges made by the Southern Cotton Planters' association were first presented to Wilson by Richard Cheatham, the secretary said: "Oh that's an old story. You can't make me believe it."

Cheatham, however, insisted that he could, and it was not until he had brought to the department documentary evidence that the secretary could be persuaded to take up the charges.

TWICE PAID BILLS.

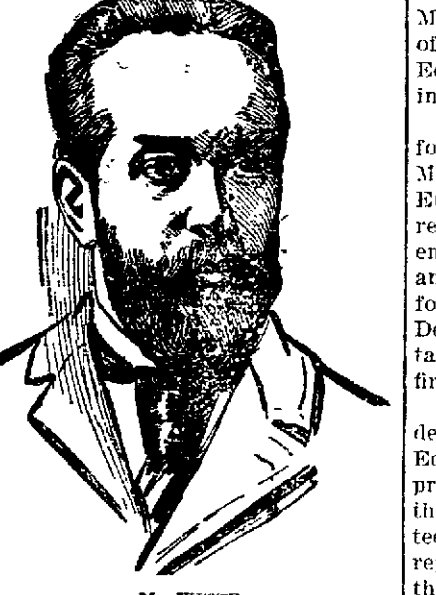

Tulsa, Ok., July 13.—That many police department bills were paid twice, is the latest discovery in the embezzlement case against Charles Duria, secretary of the board, recently implicated, and his deficit is rapidly growing. In checking up his books a great many accounts double paid have been unearthed by D. C. Donovan, of the service board.

WITTE SLATED AS SUCCESSOR

OF MURAVIEFF AS PLENIPOTEN- TIARY TO THE PEACE CONFERENCE.

Latter Admits His Lack of Diplo-
matic Training and is Glad to Es-
cape the Task.

St. Petersburg, July 13.—It may be regarded as practically certain that M. Muraviev, who resigned his position as chief peace plenipotentiary, will be replaced by M. Witte, president of the committee of ministers, who all along has been considered the Russian statesman pre-eminently qualified to undertake the difficult task of negotiating peace with Japan. M. Witte's selection undoubtedly will be hailed as a practical assurance of peace. While it would be a mistake to denigrate him as a "peace at any price" man, M. Witte earnestly believes that the struggle should be ended and should be succeeded by an understanding between Russia and Japan which would insure peace in the far east for half a century. Indeed,

M. WITTE.

he is personally believed to be in favor of a Russo-Japanese alliance. The conduct of negotiations by M. Witte, it is felt by the peace party here, would inspire instant confidence in Japan. The handicap under which M. Witte labors is his lack of familiarity with the English language, as the only foreign languages he speaks are German and French.

M. Muraviev's retirement, ostensibly owing to the reasons of ill health, is in reality due to the fact that the emperor became convinced that the negotiations might be jeopardized if he went to Washington. M. Muraviev himself, upon consideration, quite frankly recognized his lack of diplomatic training and his want of acquaintance with the questions involved, and with equal frankness expressed satisfaction that he had been relieved.

Emperor's Rescript.

St. Petersburg, July 13.—The announcement of the appointment of Vice Admiral Birleff as minister of marine in succession to Admiral Avelin is coupled with a highly significant rescript in which the emperor charges the new minister not only with the task of rebuilding the navy, but also with that of reorganizing the whole system. The emperor, in his rescript, particularly emphasizes the need of better education and technical training on the part of the officers. Speaking of the revolving events in the Black sea, the emperor holds the officers and men of the fleet equally culpable, declaring that these events displayed a complete lack of discipline among the crews and neglect of duty on the part of the officers.

STARS AND STRIPES TORN TO SHREDS

London, Ont., July 13.—An American flag was torn down from in front of the city hall and trampled under a hundred feet as a result of a remark made by an American visitor at the Orangemen's demonstration. About 800 Americans came over from Michigan, and during the day carried the stars and stripes through the streets without a word of comment being excited. When the Americans were gathered in front of a hotel some one cried, "To the flag!" and the flag was shown. Instantly the American flag, owned by the Port Huron (Mich.) club, was torn from where it waved in breeze and was ripped into shreds and trampled under the feet of a mob.

THEY HAD TO WADE.

Petersburg, Ind., July 13.—A distressed condition in Clay township could not easily be relieved by the shock which it was given by the flood away by the fences, three miles and the water completely washed out. The damage is estimated at \$50,000. Some families living in the bottoms were compelled to wade.

FORCED TO RESIGN

Senator Depew Gets Out of the Equitable

SALARIES OF OFFICIALS

OF THE EQUITABLE WILL BE SCALED DOWN

Former Clerk of Company Goes to Reformatory for Theft—Reforms to be Put in Instant Operation.

New York, July 13.—It was made known on good authority last night that United States Senator Chauncey M. Depew's resignation as a member of the board of directors of the Equitable Life Assurance Society is in the hands of Paul Morton.

Senator Depew, according to the informant placed his resignation in Mr. Morton's hands before sailing for Europe. In doing this the Senator is reported as saying he had no desire to embarrass the chairman of Equitable and if Mr. Morton saw the necessity for so doing he was to accept Mr. Depew's resignation without any hesitation. Mr. Morton would neither affirm or deny the truth of this report.

Mr. Depew was quoted yesterday as defending the loan of \$250,000 by the Equitable Society to the Depew Improvement company. Mr. Depew said the society never asked for a guarantee, verbal or otherwise. He was also represented as saying the interest on the loan was regularly paid, and that the society's appraisers and those in charge of the loan department, appraised the property at the usual percentage of valuation above the amount of the loan.

He was further quoted as saying the Depew property was recently valued at \$200,000 at the lowest above liabilities, while others had valued it at \$1,500,000 above all liabilities. By any proper administration of the property Mr. Depew is quoted as saying there can be no loss to the Equitable or any other creditors.

"True," said Magistrate McAvoy dryly, "but it is enough to arouse suspicion."

Sweeping reductions in the salaries of various officials and employees of the Equitable Society were announced by Chairman Morton. The decrease will amount to 20 per cent on all salaries over \$15,000 per annum, 15 per cent from all annual salaries between \$9,000 and \$15,000, both inclusive, and 10 per cent decrease from all salaries above \$2,500 and below \$9,000 per year.

These changes become operative on August 1 next, and effect a saving of from \$150,000 to \$200,000 a year. In the first, or 20 per cent, class may be included Chairman and Acting President Morton and Second Vice President Gage E. Tarbell.

In sentencing Emil H. Neumer, an Equitable Life Assurance Society clerk, to the Elmira Reformatory for an indefinite period for complicity in the robbery of a policy from the Equitable company's vaults, Justice Foster of the Court of General Sessions, commented on the Equitable losses. He said:

"Your methods were very crude and bungling. If you had, instead of collusion with an outsider, colluded with an insider and thereby had your salary raised to \$50,000, and then divided with the other men the result would not have been more hurtful to police holders, but possibly you would not have been at the bar of justice."

HE WALKED 700 MILES.

Cincinnati, O., July 13.—Two months ago Alexander Badgley, 50 and his mother, 80, were sent from Carthage, a suburb to Canaway, Mo., on a charity pass. They intended to make their home with relatives at Canaway, but found them poor and Badgley decided to return to Carthage. He walked the entire distance, about 700 miles, in two weeks. He arrived in Carthage yesterday, looking very hungry and almost devoid of clothing. He will be sent to the county infirmary.

B. & O. DIVIDEND.

New York, July 13.—The directors of the B. & O. railroad yesterday declared a semi-annual dividend of 2 1/2 per cent on the common stock payable on or before August 1. In the next dividend season there has been on a four per cent basis. The semi-annual dividend on preferred stock declared today was 2 per cent.

WALKED THE PLANK.

Columbus, O., July 13.—Mr. and Mrs. William Kirkpatrick, married yesterday, escaped the new tormentors by walking planks to an adjoining house.

DASH TO POLE

New York, July 13.—With \$35,000 subscribed today toward his expedition to reach the north pole, Robert E. Peary announces that he will sail this week for the north. Commander Peary's new Arctic ship, the Roosevelt, has been waiting several days for supplies, which could not be bought on account of a lack of funds. The polar expedition, which has been in preparation since Oct. 15, 1904, has cost \$150,000. The entire amount has been donated by American businessmen to the Peary Arctic club, whose members are anxious that none but Americans have any hand in this polar expedition.

HE CRITICIZES THE ALARMISTS

PRESIDENT ROOSEVELT TALKS ABOUT THE CONDITIONS AT PANAMA.

Declares Work Will Not be Delayed—
He Addresses Physicians at
Oyster Bay.

Oyster Bay, N. Y., July 13.—Four hundred members of the Associated Physicians' society of Long Island assembled at Oyster Bay high school and were addressed by President Roosevelt. In the course of his speech the president discussed the relations of the communities in which they reside and the work to be done by the medical experts in connection with the construction of the Panama canal, declaring that, despite the difficulties on the isthmus and here in the United States, the canal would be a success. He referred to achievements of the sanitary engineers, who cleaned the cities of Cuba for the first time in 400 years, and closed by paying a tribute to the services of General Leonard Wood, whose career as a military officer, he said, was flouted by some critics because he once had been a doctor.

Of General Leonard Wood, the president said: "Leonard Wood did in Cuba just the kind of work that, for instance, Lord Cromer has done in Egypt. We have not been able to reward Wood in anything like the proportion that services such as his would have been rewarded in any other country of the first rank of the world, and there has been no meaner and more unpleasant manifestations in all our public history than the feelings of envy and jealousy manifested toward Wood. And the foul assaults and attacks made upon him, gentlemen, were largely because they grumbled the fact that their admirable military officer should have been a doctor."

Referring to the Panama canal the president said: "Of course in doing a great work like that in the tropics, in a region which until this government took hold of it was accounted to be a region exceptionally unhealthy, we are going to have trouble, have some yellow fever, have a good deal of malarial fever, and suffer more from the latter than from the yellow fever, although we will hear nothing like the talk about it. We will very now and then have troubles as regards hygiene, and we will have trouble in the engineering problems, and occasionally we will have troubles in the administrative department. Whenever one of these troubles comes there will be a large number of timid men who will at once say what an awful calamity it is, and express the deepest sorrow and concern, and be rather inclined to the belief that the whole thing is a failure. It will not be a failure. It will be a success; and it will be a success because we shall treat every little check not as a reason for abandoning the work, but as a reason for altering and bettering our plans so as to make it impossible that that particular check shall happen again."

WOMAN A BANKRUPT.

Evansville, Ind., July 13.—Mrs. Rosa Alford, of Tell City, Ind., filed a petition in bankruptcy here today. Her liabilities are \$3,000, assets \$100. She says her losses are due to indorsing for her husband.

Columbus, O., July 13.—The governor is so anxious to be a non-masquerade at Leonard this county, that it is advertising for some one to take the job of paying \$100 a year.

Yellow Springs, Ohio, July 13.—A notice was posted on the door of the Citizens bank this morning announcing that the institution had closed. The reason given is heavy withdrawal of deposits during the past two months. It is thought that creditors will be paid in full.

PLOT DISCOVERED

To Blow Up the Palace of the Czar

POLICE FIND DYNAMITE

IN CELLAR OF THE CASTLE OF ILINSKOJE

Many Arrests are Made as Result of the Discovery Czar Will Not Occupy Palace at Moscow.

London, July 13.—The Daily Telegraph publishes a dispatch from its correspondent at Vienna saying that private letters received at Vienna from St. Petersburg, state that the police have discovered a plot to blow up the castle of Ilinskoje, near Moscow, where the Czar and his family had planned to stop during the coming visit of the emperor to that city.

It is reported that 250 pounds of dynamite were found in a cellar, connecting by a subterranean passage with a room directly under the apartments which had been set apart for the use of the Czar. Many arrests of persons suspected of being connected with the plot have been made, including two engineers, who had charge of the cleaning and preparation of the apartments of the castle. The Czar is reported to have given up the idea of staying at Ilinskoje since the discovery of the plot.

TREPOFF IS IN DANGER.

St. Petersburg, July 13.—If General Trepoft, assistant minister of the interior, is not the next victim of an assassin, it will not be due to lack of warning at the hands of terrorists. Trepoft is in constant receipt of letters informing him that no safeguards that he may place about himself shall prevail and that while he may go may go abroad in the streets with safety, his death will come at the least expected moment in his private apartments. The minister admits he is in danger. It is expected that Trepoft will succeed Boulligin as minister of the interior.

BRIBERY THE CHARGE

Albany, N. Y., July 13.—A sensational turn was given to the joint-session of the state legislature, which is investigating charges against Supreme Court Justice Warren B. Hooker, when John B. Stanchfield made an appeal on behalf of Justice Hooker from the inferences contained in a newspaper article. Mr. Stanchfield called attention to an article which he said appeared in the New York Press, some excerpts from which he read. Among other things, the article said: "It can not be denied that powerful influences are at work to keep Justice Hooker on the supreme court bench. There is both politics and boodle in this movement. Republicans and Democrats are concerned in it. Governor Higgins, downstairs, does not seem to be a bit disturbed by the cloud of scandal hanging over the legislature." Judge Stanchfield branded the story as an infamous falsehood. Lieutenant Governor Brook announced the issuance of a subpoena for Ervin Wardman, editor of the New York Press, for his appearance before the joint assembly.

BAD EYES DROVE HIM TO SUICIDE

New York, July 13.—Desperate because treatment for which he came to this city had failed to improve his rapidly failing eyesight, W. B. Howell, a well-to-do cotton planter of Pine Bluff, Ark., committed suicide in the Hotel Navarre here by shooting. Howell left three telegrams explaining his act. These messages, all identical, read: "Treatment unsuccessful. That is the cause of it all." One of these messages was to his mother at Pine Bluff, another to his sister, Mrs. M. D. Russell, at Staunton, W. Va., and the third to a nephew, John H. Noble, of Annapolis, Ala.

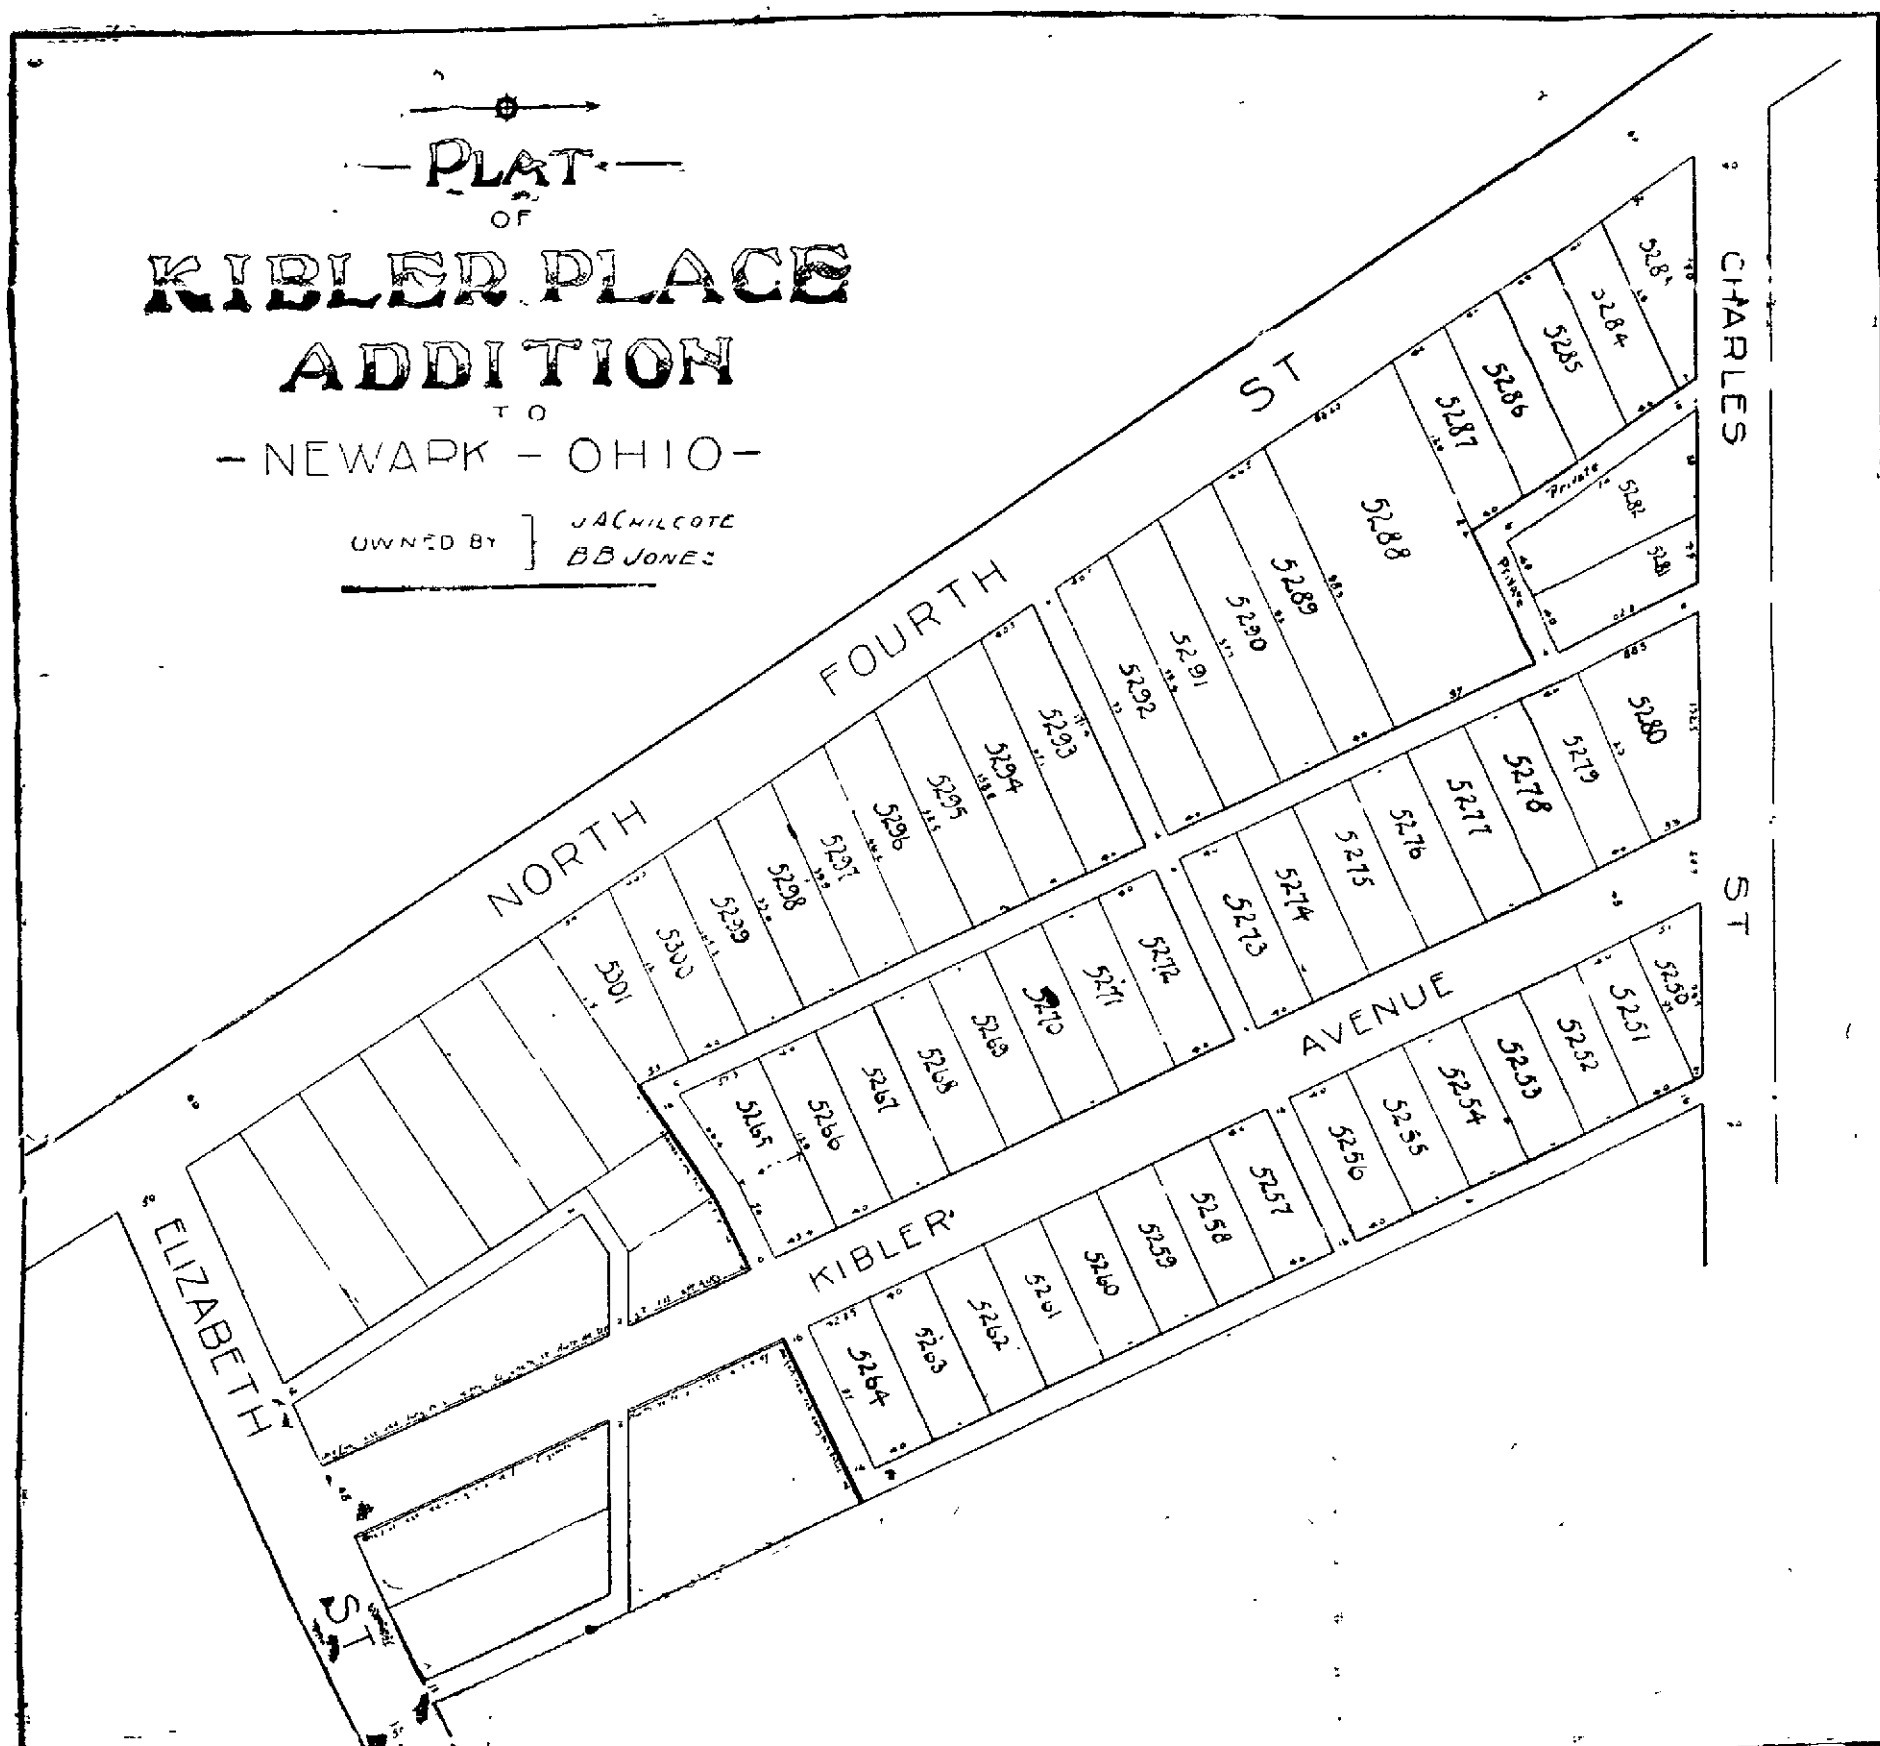

John T. Foster, one of the most famous inventors in the United States, under whose direction the first gold pens were manufactured in New York city, is dead.

William Monray was stabbed to death by John Hawthorne at Ashton, W. Va. The young men were rivals, and the killing was in the presence of the young woman who was the innocent cause of the quarrel.

Wife Opened Fire When She Found Her Husband at the Fishing Camp.

Zanesville, O., July 13.—A sensational shooting affray occurred at a fishing camp 12 miles down the river last night, in which two Zanesville women were the principals.

"Squire" Miller conducts the camp, and early in the evening Mrs. Wm. Maxwell learned that her husband, a bartender, had gone to the camp with a merry party of men and women. Mrs. Maxwell followed, and arriving there opened fire with an old fashioned double barreled revolver of 44 calibre. Her aim was directed at Nell Brown, of this city, and the first bullet took effect in the upper left leg, passing clear through the leg and out just above the knee.

Mrs. Maxwell was seized by men in the party just as she fired the second shot, which missed. She then returned to her home in this city, and early in the morning notified the police of the episode.

YELLOW FEVER

Suspects From Panama Are Detained in New York Harbor.

New York, July 13.—Twenty-five yellow fever suspects were removed from the Panama liner, the Alliance, in quarantine yesterday. The vessel was detained for more than five hours while a careful fumigation was made of everything on board.

When the surgeons boarded her they were amazed to find so large a percentage of the total passenger list suffering from a distinct rise in temperature, the danger signal of yellow fever. No chances were taken and everybody with temperature above the normal was removed to Hoffman Island for observation. Nineteen of the cases were among the passengers, six were members of the crew and all were men. The wife of one passenger accompanied him voluntarily.

The old stories of sickness, discontent and "graft" were repeated by the men who arrived on the ship. There were 93 passengers in all and most of them were fugitives from the canal zone.

John Towner of No. 207 Oneida street, Syracuse, N. Y., who made the trip from San Francisco, said that stories of "graft" were rife in Colon. "For instance, I heard it charged," he said, "that in the Clebra Hotel each man was taxed \$250 beside the amount he paid for board. This sum was supposed to be for the employment of a janitor. As there were 100 men in the hotel this would mean \$250 a month for a janitor—rather high pay even in Panama. It is also openly charged that \$30,000 had been stolen outright."

A Boy Bit Through a Baby's Lip While Soothing It With a Kiss.

Columbus, O., July 13.—Little Francis Andrews was so affectionate toward the five weeks old baby of Mrs. L. J. Shifflette, of 37 West Eighth avenue, that instead of caressing the child with kisses, he bit it in several places on the face. The boy's teeth were shown by bites through the baby's lips and on the little one's forehead. It is believed the boy kissed the infant while it slept and was so angered when it awoke he attempted to quiet it with bites.

There was a dull aching in the loins and my back was very weak. Besides this I had trouble with the kidney secretions, which were irregular and disturbed my sleep at night. I was usually just as tired in the morning as when I went to bed. Nothing I could get seemed to help any until I began using Doan's Kidney Pills procured at Crayton's drug store. I had heard a great deal about the wonderful action of this remedy on the kidneys and bladder, but I was greatly surprised by the quick effect in my case. I improved rapidly under the treatment until the pain in the back ceased and the action of the kidneys became natural. A few boxes made a complete cure."

GRANVILLE PLANS FOR CENTENNIAL

Part of the Official Program is Announced by the Committee.

Granville, O., July 13.—Granville, one of the most beautiful towns in the country, is making active preparations for a big centennial celebration and home-coming during the first week of September, 1905, and to welcome hundreds of her former residents and alumni as well as scores of new-found friends.

The present management of the affair is the outgrowth of the Women's Centennial association, which has done great work in this line and the outline of the week's program is:

Sunday and Monday, September 3 and 4, Presbyterian commemoration; Dr. C. L. Work, chairman.

Tuesday, September 5, Patriotic day, Rev. T. J. Sheppard, chairman.

Wednesday, September 6, Educational day, Dr. E. W. Hunt, chairman.

Thursday, September 7, Granville day, W. H. Johnson, chairman.

Friday, September 8, Home-Coming day, J. H. Sample, chairman.

Saturday, September 9, Fraternal organizations, Watson L. King, chairman.

Sunday, September 10, Union services, Dr. C. J. Baldwin, chairman.

Dr. Hunt announces the acceptance by Dr. E. Benjamin Andrews, and the provisional acceptance by Dr. William H. Harper, for Educational day.

Miss Rosa L. Kerr, Mrs. Harrie B. Hutchinson and Mrs. Walter D. Havens, all of Columbus, will take part in the musical program on that day.

The Old Northwest, Historical and Genealogical society, has found the place and the occasion worthy not only of a place on the pages of the quarterly, but has decided to devote the entire issue to Granville interests, a fact which marks this event as one of exceptional importance from the historical and genealogical viewpoint.

The Columbus Riding club has engaged quarters and will attend in a body.

BLIND FOR YEARS

Holmes' Sight Has Been Restored by Most Skillful Treatment.

Baltimore, Md., July 13.—Left blind 22 years ago, after an attack of cerebro spinal meningitis, Charles W. Holmes of Quebec, Canada, a graduate of the Blind Institute of Boston, Mass., and president of the alumni association of that institution, is in Baltimore, receiving treatment at the home of Dr. Henry F. Garey, an eye specialist, 1321 North Charles street.

Mr. Holmes was treated by Dr. Garey for a brief period last summer with good results, and returned recently to continue the treatment. He is now able to distinguish objects and can read letters two inches high. Mr. Holmes was ten years old when he contracted meningitis, and when he recovered his eyesight was gone.

Until he underwent treatment for his eyes Mr. Holmes was totally blind, but he now seems in a fair way to recover his eyesight.

TO ELECT CAPTAIN

While in Camp at Newark—Hough is Still in Service.

Delaware, O., July 13.—Monday night at the regular drill of Company K, it was expected to elect a captain to succeed Captain B. W. Hough and fill the other vacancies in the company caused by his having been elected major of the Second battalion in the Fourth regiment, O. N. G.

As the local company leaves Sunday for the annual camp at Newark the regimental officers requested that the election be postponed until the first

day in camp. Their request was complied with and First Lieutenant Chas. Finley will be in charge of the company while en route to Newark.

Monday while in Columbus, Major Hough was placed on duty by Adjutant General A. B. Critchfield and during the coming camp will have charge of his battalion, although he has not as yet received his commission as major. He can not be commissioned until Governor Herrick returns from Oregon to sign the document.

Company K will go to Newark with a large enrollment and much interest is being taken by the men in the contest for the captaincy. Just who will be elected is a matter of guesswork. The fight is a good natured one and for the future welfare of the company it is sincerely hoped that the most competent man for the very important position will be chosen.

Tom Lawson's Address.

Des Moines, Ia., July 13.—The relation which Iowa and the west holds to the "system" was the chief theme of Thomas W. Lawson's address before the Chautauqua at Missouri Valley. He was heard by an audience of 2,500 persons. He advised Iowa people who own stocks and bonds to sell them at the present high prices. He denied that he would advise them to sell except that the system has advanced stocks and bonds to a high figure and must keep them there during the raid which Lawson proposes to engineer on behalf of the people, and utterly repudiated the statement attributed to him by United States Treasurer Roberts that the people should withdraw their bank deposits simultaneously.

Tuberculosis is responsible for 16,000 deaths yearly in London.

In spite of his years, King Leopold of Belgium, is one of the most daring of men. Not only is he given to riding in an automobile at tremendous speed, but he also employs as a chauffeur one Marcel, who is a pronounced anarchist. In view of the many attempts made on the lives of European rulers, the king's retention of this employe is regarded as foolhardy. He has been warned against the man by the police of Belgium, France and Germany, but he pays no heed to their counsel. He addresses Marcel as citizen Leconte, the title which was substituted for all others in France during the reign of terror. Thus the cynical king pays mock deference to the leveling theories of anarchy.

Dr. Yung Wing of Hartford, Conn., graduated from an American college. He took his degree at Yale in the class of 1854. In 1876 he was the Chinese minister to the United States. Dr. Yung Wing is in his 70th year, but is still in good health, and his intellectuality is as bright as in his younger days.

A Good Beginning.

The Democrats of Licking county made a good start in the campaign last Saturday in the selection of an excellent executive committee. Names of the men on that committee should inspire confidence all along the line that Licking county is to be redeemed to the Democracy by any where from 1200 to 1500 majority. It is not too soon to begin work and the fight from now until the polls close on the evening of the first Tuesday in November should be waged with an earnestness and an aggressiveness upon which there can be no discount. Licking county is a Democratic county. She will and must be Democratic in November. Opportunity is at hand beckoning every Democrat to work for the victory which will sweep the county and the state for Pattison and a Democratic legislature.

Just Watch Him!

Gen. Charley Dick, with a dash that hasn't been equaled since his double-quick, record-killing flight from Cuba to Washington to have his command recalled from the sanguinary heights of San Juan and Santiago.

Peptiron Pills

Ironize the blood, feed the nerves and brain, tone the stomach, aid digestion and give sweet, natural sleep. 36c. per box. Druggists or by mail to Hood Co., Lowell, Mass. The best laxative cathartic. After dinner pill, purely vegetable, easy to take. Hood Co., Lowell, Mass. It Made by Hood Co. Good.

will throw himself into the breach in the coming campaign to divert the minds of the people of Ohio from Cox, Herrick and other state issues. He will advocate the perpetuation of an indefensibly high tariff, explain the growing deficit in the government's revenues and yell for the imposition of a stamp tax, resorted to only in the direst extremities. Keep your eye on the "general."

United States Senator Chauncey M. Depew, of New York, has been forced to resign as a director of the Equitable Life Assurance Society in consequence of the exposure of his crooked transactions in connection with that institution. The exposure of Depew's conduct brings him before the public as an unfit man to occupy a seat in the United States Senate, and he should, therefore, be compelled to resign from that body.

It is understood that Dr. Watkins is getting ready to attack the lobby in its lair.

Hon. John M. Pattison doesn't have to get anyone to write his speeches for him. He knows what he stands for and has an effective way of telling it.

It will be interesting when Gen. Charley Dick takes the stump, to hear him to defend his proposition to restore the stamp tax.

Hon. John M. Pattison stands "four square" to all the world. He has nothing to apologize for. He will not be handicapped in the coming campaign by any necessity for explanations.

Hon. L. B. Houck, Democratic candidate for Lieutenant Governor, will prove a power on the stump during the coming campaign. He is an able lawyer, and one of the best public speakers in Ohio.

The Zanesville Signal carries a long article setting forth the advantages of Zanesville as a possible college town. Surely those inclined to scholastic pursuits could not find a place of greater quiet and repose.

Republican organs are getting desperate over the prospect of the election of Pattison and a Democratic legislature. They have already begun to abuse Republicans who refuse to stand for Coxism.

The only way to banish the lobby about which Governor Herrick talked in his speech at Cedar Point, and which has bought and sold legislation during the past 15 years, under Republican administrations, is to elect John M. Pattison Governor and with him a Democratic legislature.

A couple of Republican ward committeemen in Philadelphia who were found guilty of padding the assessment lists were sentenced to nine months' imprisonment and \$1,000 fine. They have secured a stay of proceedings, but this may not save them from punishment unless they should in the meanwhile leave the state. The committee of seventy, which has been investigating election frauds and fraudulent assessments, is in earnest, and it has already secured the conviction and sentence of a number of the followers of the machine. As one result of its investigation thus far more than 40,000 fraudulent assessments have been discovered. The good citizens of Pennsylvania generally are taking a great interest in the work of the committee, for they see in it the promise of honest state elections, and the eventual selection of men of integrity, ability and independence to administer the affairs of the state government.

FINE

ADDITION OPENED UP AND READY FOR SALE BY CHILCOTE & JONES.

In this issue of the paper appears a large display advertisement of the opening of the fine property allotment of Chilcote & Jones, which is situated in the northern part of the city, in one of the most beautiful and valuable spots adjacent to the residence portion. The advertisement liberally describes the property, and gives logical reasons for the possession of a parcel of this property.

In the allotment there are nineteen lots in North Fourth street, between Elizabeth and Charles streets, and 24 lots in Kibler avenue, between Elizabeth and Charles streets, running parallel with Hudson avenue and Fourth street.

The firm has sold the old home-stand of the Kiblers to John Sachs. This is a fine residence district, built up on all sides with choice residences. There is plenty of good shade. The owners are to construct cement sidewalks throughout the entire addition.

FOR CANAL WORK

Padrones Will Furnish 6,000 Japanese, Chinese and Italian Laborers on the Isthmus.

Washington, July 12.—The Isthmian Canal Commission has been forced to adopt the padrone system and introduce coolies, who it had been declared by Secretary Taft, never would be employed on the canal work. Contractors will be asked to furnish 6,000 Japanese, Chinese and Italian laborers—2,000 of each nationality. It is said that it is desired to determine by comparison which nation produces the best workers.

The laborers will be imported under contract to remain for 500 working days, eight hours a day. The Government will give them unfurnished quarters, fuel and water and medical attendance.

It was at first decided to employ West Indian negroes for the canal work, and the commission opened an immigration office at Barbadoes on January 1, expecting to secure 5,000 men without any difficulty; but so great is the dread of the Isthmian fever that not more than 1,000 have been induced to go to Panama, and they were drawn from all the islands around Barbadoes.

Good For Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," said C. Towns, of Bat Portage, Ontario, Canada. "Being a mild physique the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

CROWDED THE PARK

To Pay Tribute to the Late Golden Rule Mayor of Toledo.

Toledo, O., July 12.—One year ago occurred the death of Samuel M. Jones then mayor of Toledo. Yesterday afternoon in his honor, services were conducted in Walbridge park, coincident with exercises attending the unveiling and dedication of the splendid new Opitz fountain. Thousands of friends of the late Golden Rule Mayor assembled at the park and paid tribute to his memory in music and song. It was a truly motley gathering that crowded the grounds of the park, aged men and women, young men and women and little children, some of the newboys who were the mayor's clowns, standing out prominently in the latter class. There were present persons who had stood by the mayor to the last, persons who called him a demagogue, and still others who regarded all of the mayor's good works in the workings of a selfish nature. It is said the public never appreciates a good man until he is dead. Thousands appreciated Mayor Jones to his fullest extent, and as many more were opposed to him. But yesterday afternoon all had the appearance of being forgotten in a universal grieving over the loss of this man. Brand Whitlock, who was regarded as Mayor Jones' closest friend, paid a tribute to the deceased executive.

SIGNS IN FULL

Secretary Bonaparte Scorns the Use Merely of His Initials.

Washington, July 12.—Secretary Bonaparte's signature is causing much comment and speculation in the navy department. He writes it in a full round hand so plainly that a child could read it, which violates the traditions of the department, and he insists in writing it in full and even adding a period. He was advised by his clerks, who know the mass of mail he will have to sign every day to use only his initials, or at least to cut his first name to "Chas." but he laughed at them. Betts are being made as to how soon he will succumb to the strain and let it go as "C. J. Bonaparte." Mr. Bonaparte is the only member of the cabinet who uses more than the initials of his given names in his official correspondence. Most of the cabinet members have learned the value of brevity from experience. When Mr. Roosevelt entered the navy department as assistant secretary he signed his name in full, but he soon cut the Theodore down to "T."

BY LIGHTNING

From a Clear Sky Husband and Wife Were Hit on the Summit of Pike's Peak.

Colorado Springs, Colo., July 12.—W. D. Withoff, a wealthy St. Louis shoe manufacturer, and his wife, were struck by lightning yesterday afternoon while on top of Pike's Peak. They were unconscious for ten minutes.

Over 100 people were on the peak at the time, but no others were injured. The bolt came out of a clear sky. When it struck the peak Mr. and Mrs. Withoff fell to the ground as if dead, and for several minutes the peo-

ple near them were so frightened that none would go to their assistance. Finally several men carried them into the Summit House, where they revived.

Mr. Withoff bears a large red scar on the palm of his left hand and will probably be confined to his room several days. Mrs. Withoff has a scar on her right arm but otherwise is unhurt.

WASN'T BEAUTIFUL

Miss King Brooded Over the Fact and Then Committed Suicide.

New York, July 12.—Miss Matilda King, daughter of the late Colonel Rufus King, committed suicide at the home of her aunt, Mrs. D. P. Thomas, in Elizabeth, N. J., last night by severing an artery in her wrist and turning on the gas in the bath room, where she was found dead.

It was reported that she dropped dead. She was 25 years old. It is said that she became deranged brooding over the fact that she was not a beautiful woman.

She had often been heard to exclaim as she looked in the mirror: "Oh, why am I not good looking, like other girls?"

The dead woman and her relatives moved in exclusive society throughout the state.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparator has heretofore proved a successful cure until Newbro's Heriade was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Heriade Co., Detroit, Mich.

SERVED FISH FRY

Great Time Enjoyed by Members of Roland Lodge, No. 305, K. of P.

Those who were present at the meeting of Roland Lodge, No. 305, K. of P., on Wednesday night did not regret it, for all had a most enjoyable time. The entertainment committee, consisting of Messrs. A. B. Courtney, F. W. Montgomery and C. C. Perry had promised that there would be something doing and there surely was. The committee surprised the members of the lodge by serving a magnificent fish fry, and at the conclusion of the supper an hour or so was spent in card playing and in having a good social time. It is such affairs as this that serve to more closely cement the ties existing among the members of the lodge, and if they were of more frequent occurrence it would be better for all concerned.

ON THE WORK DONE BY CEDAR
CAMP FORESTER TEAM AT
DAYTON.

Interesting Account is Given by the
Dayton Journal of the Work
That Was Done.

The officers and members of the celebrated Forester Team of Cedar Camp, No. 4727, Modern Woodmen of this city, who went to Dayton, Ohio, on Tuesday to assist in the initiation of a class of over one hundred candidates into the secret work of the Modern Woodmen of America, returned Wednesday night jubilant over the result of their trip. The Dayton Journal of Wednesday contains the following regarding the big meeting:

The initiatory work was exemplified by the celebrated Forester team of Cedar camp No. 4727, of Newark, under the captaincy of E. C. Richardson.

Every detail of the affair, which was beyond question the largest and most important in the history of local Woodcraft, was successfully carried out amidst surroundings that carried an unmistakable realism and made the beautiful services the more impressive. The park was attractively illuminated and the large new dance hall was used, for the first time, for the initiatory services. The candidates secured for the joint initiation numbered about 175, but many were unable to appear in person for initiation. The initiates were divided among the five local camps of the order.

It was 9 o'clock when Gate Keeper W. V. Hadley announced that nearly 1,100 Modern Woodmen had presented credentials admitting them into the park, and shortly after the services began. The Newark team was somewhat delayed in coming, not arriving until 7 o'clock. The members were met at the Union Station by the local reception committee and escorted to the park. Today they will be the guests of the executive committee and will be taken about the city on a pleasure jaunt, returning to Newark this afternoon or evening.

The team, which occupies the fore most position among the Forester teams of Modern Woodmen throughout the ranks of the great fraternity, consists of the following: Chief Forester (team captain) E. C. Richardson, E. Fory, C. D. Mikesell, W. E. Evans, E. D. Kinney, C. H. Weimer, S. Teaff, J. E. Jones, C. H. Hafer, C. H. Lindsey, N. E. Armstrong, B. F. Keuh, C. H. Bentz, Earl Phenice, E. A. Grubbs, William Kane, Charles W. Redman and George J. Friel, musician. The officers are: P. C. B. F. McDonald; Com. O. B. Young; W. A. John Lambert; escort, D. R. O'Hara; banker, H. O. Craymer.

After the services attending the conferring of the three degrees, which consumed more than two hours, brief addresses were made by District Deputy E. A. Lyon, Roy G. Fitzgerald, W. F. McClung, Edward Bitzer and B. F. McDonald. Refreshments, consisting of sandwiches, lemonade, etc., were served.

Sickening Shivering Fits.

Of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after effects. E. S. Murphy of Henrietta, Texas, writes: "My brother was very low with malarial fever and jaundice till he took Electric Bitters, which saved his life." At Hall's Drug Store, price 50c, guaranteed.

CARPENTERS

And Joiners and Their Friends Will be
at Buckeye Lake Friday.

All the arrangements have been completed for the big outing to be held by the carpenters and joiners of this city and their friends at Buckeye Lake tomorrow. It is expected that fully 1500 people will be in attendance. Arrangements have been made with the interurban railroad officials whereby tickets will be good on all regular cars to the lake, and such special services as the crowd demands will be provided. The Pavilion orchestra will furnish music for dancing in the afternoon. A big time is expected.

When your rent is due and have to move call Hurlbush's big moving wagons, 42 14 16 South Fourth street, Newark.

PERMITS NECESSARY

The city officials are expressing dissatisfaction with the builders of the city who have failed to get building permits, and it is probable that an investigation will be made in all cases of failure.

Persons erecting any sort of structure or addition to their premises inside of the city limits are required to get building permits at the city hall, and it is probably not generally known that a fine of fifty dollars may be imposed upon persons building without permits.

HOUSE PARTY

At "Bunker's Lodge" is Being Enjoyed
by Several Granville Young
Women.

Granville, O., July 13.—A number of young ladies have been enjoying a house party at "Bunker's Lodge," on the Case farm, which has become a favorite resort for the fun-loving young people of this village, who have been so favored as to be invited to join the merry band of girls to enjoy the free and fresh air of the country for a time, and to engage in all the recreations that "Bunkers" affords. "Bunker's Lodge" is situated on one of the highest localities around Granville, affording a magnificent view and easily accessible to the village, being only three miles distant. Guests were always welcome, and many took advantage of the opportunity of enjoying here an afternoon or evening, or perhaps, even a dinner or supper, cooked and served by the hostesses themselves, most charmingly. The days passed all too quickly, and most of the members of the house party have returned to town, sighing to leave the country behind. The members of the party were Misses Stella and Helen Case, Stella Moore, Ruth May, Margaret McKibben, Faye Marlowe, Nita Belford, Clara Follett, Margaret Watkin, Pearl and Mary Ferguson and Marion Rose.

Mr. and Mrs. Henry M. Carter, who have recently returned from Mexico to Columbus, were in Granville Monday. Mr. and Mrs. Carter expect to make Columbus their future home, it being the intention of Mr. Carter to engage in business there. Mr. Carter says that all those injured in the wreck on the Columbus, Buckeye Lake and Newark Traction road on Monday, July 3, are improving nicely with the exception of Mrs. O. H. Parr, the nurse, who was injured internally, and who was taken to the hospital Saturday. Miss Bernice Black, her niece, who had three of her ribs loosened, is gradually improving, but is still unable to be out.

Warren C. Devinney has sold his 70-acre farm on Loudon street to Messrs. Charles and Edward Schaller, the well known restaurateurs of West Main street, Newark. This is a very desirable farm and the Schaller boys are to be congratulated on securing it.

Rev. Charles Rhoades broke ground for his new home on South Main street Monday. Mr. Rhoades will erect a handsome residence, constructed of tile, that will be an ornament to the town.

Postmaster L. A. Austin left Monday for Old Point Comfort, where he has gone on a short vacation.

Miss Lillian Parks of Ironton, visited in the village Monday.

The Centennial Association has opened headquarters in the convention room of the Opera House, where Mrs. Burton Case and a stenographer, are busily engaged in preparing and mailing thousands of circulars and literature pertaining to the approaching centennial.

Mrs. C. B. White went to Columbus on Thursday.

Secretary Hay, less than a year ago, predicted that he would not live twelve months longer. This was in conversation with James Dubois, a state department official, and others. The latter expressed the hope that Mr. Hay would remain in the cabinet during this presidential term, and thus serve longer as secretary of state than any of his predecessors. The secretary said: "No I shall not live to serve another year."

John D. Rockefeller is surveying the ground for his new summer home at Battermill Hill, across from Nyack on the Hudson. It is to cost \$1,000,000, a sum modest enough as compared with the pretentious palaces of so many modern millionaires, but the site Mr. Rockefeller has chosen is so commanding and the surrounding country so beautiful that even among the most costly creations of recent years his home will be one of the show places of America.

THE W. C. T. U.

We were glad to see a larger attendance than usual Tuesday afternoon, considering the warm weather.

The devotionals were led by Mrs. Hansberger, being the 91st Psalm. After roll call and reading of the minutes, and reports of the superintendents, the subject of temperance hospitals was discussed, led by Mrs. Heim, leader of the department.

New members are being received at nearly every meeting.

Rev. Mrs. Swartz was enrolled and each member is to make themselves a committee of one to solicit new members.

Next week's program will be "purity," a most interesting subject. Mrs. Bain will lead the devotionals.

DUTY THE MANIA OF POOR AVERY

EVER AT HIS POST TILL RELIEVED
BY HIS COMMANDING
OFFICER.

Soldier of the Philippines, Once Stricken
by Fever, Still Thinks He's
a Sentinel.

On duty! Ever on duty!
Responsibility ever with him!
Who in the throng at the race track
thought that of poor Avery, the
swipe at the stalls of "Hut" Har-
way, the other day, when, in khaki, he

stood unthoughtful of merry jest and
jeer from hundreds, waiting for the
word of command that would send him
"back to quarters." Rigid he stood,
the incarnation and personification of
the silent sentinel, just to the south-
west of the judges' stand. His uniform,
that of a soldier in khaki, and his
seemingly immovable position, attract-
ed attention.

"He's crazy," said one.
"He's nutty, all right," said another.
His fixed eyes and motionless form
attracted increasing attention. He
was jeered at, but there he stood un-
til one who understood, approached
him and said:

"Your commanding officer desires
you to report at headquarters."
With a salute and the measured
step of the sentinel, Avery returned to
his task at the stable.

"Avery might have borne the mes-
sage to Garcia," he served for three
years in the Philippines in the service
of his country. Always faithful, always
obedient, Avery seemed to know aught
else than to obey commands and carry
out orders, which, as a true soldier, he
did with intelligence and despatch.

One day Avery was stricken with the
fever which has laid low so many of
the gallant boys transported thousands
of miles to uphold and vindicate the
banner of imperialism. He recovered
from the fever, but he is still the sen-
tinel. He is still on duty. He still
awaits the command of his superior
officer and until the command is uttered
he remains at his post.

"Poor Avery," mutter the unthink-
ing, but if crowns and harps and spot-
less robes are the reward of the faith-
ful in the hereafter, who will say that
"Poor Avery" is not one of the elect?

Officers and Outlaws Clash.

Winfield, Kan., July 13.—C. S. Cal-
hoon of Kansas City, an Atchison, To-
peka and Santa Fe railway detective,
was shot and killed at Cedarville by
two outlaws, who were shot down
later by a posse of citizens at Hew-
lin, seven miles from Cedarville,
close to the Oklahoma state line. One
of the outlaws, Ed Madigan of Ponca
City, Okla., was killed instantly by
the posse. The other, William Chad-
burn of this city, was fatally wound-
ed. The outlaws exchanged shots
with the posse. During the exchange
J. M. Pope, a merchant, was shot
through the foot, and a woman named
Malone was struck in the leg by a
stray bullet. Madigan and Chadburn
held up and robbed six traveling men
at the Bretton hotel at Winfield on
Sunday night last and escaped.

Fatal Runaway.

Scranton, Pa., July 13.—While Mrs.
Marvin Wheeler of Dunmore, near
here, was descending a steep hill in a
carriage the horse took fright and
dashed down the hill and into a pass-
ing train on the Mooste Lake railroad.
Just before the collision occurred
Mrs. Wheeler threw her one-year-old
child, Austin, from the carriage. He
landed on his head and was killed.
Mrs. Wheeler was fatally hurt. The
others escaped with less injuries.

Vice President Fairbanks was visit-
ing in Marysville, O., his boyhood
home, recently, and while there sent
for John Flickerson, the village bar-
ber, to shave him. When the tonsor-
ial artist arrived Mr. Fairbanks was
holding a political conference with
some local magnates and asked the
barber to wait. "If you want to be
shaved," said Flickerson, "I'll have
to be right now. I'm pretty busy to-
day." The conference was suspended
at once and the vice president hustled
into a chair.

PRAYER FOR HAY.

At Lunch in Forest President Asked God's Mercy For Late Secretary.

The Chicago Tribune recently print-
ed the following anecdote:
"Ten miles from any city, with the
members of his cabinet and the silent
trees of the forest as the only wit-
nesses, Wednesday afternoon (July 5)
Theodore Roosevelt, president of the
United States, on his bearded knees
prayed for the spiritual welfare of
John Hay, the late secretary of state,
who was buried at Cleveland."

"The president's train left Cleveland
shortly after noon Wednesday July 5,
and owing to the great hurry the party
did not have time to eat anything at
midday. At Wheelock's switch, ten
miles south of Cleveland, the train had
to lay over some minutes, and Presi-
dent Roosevelt asked for luncheon on
the grass. Part of the forest had been
cleared, and there the cloth was laid.
Then the members of the party, sitting
on the grass, grouped themselves about
the cloth."

"President Roosevelt then arose to a
kneeling position and asked the Al-
mighty for his blessing on the feast.
He spoke simply of the great friend-
ship that existed between himself and
John Hay, and finally he asked God's
mercy for John Hay, as men were all
sinners, although John Hay was among
the least of these."

"The food was then eaten, and the
trip to Pittsburg continued."

RANCH AUTOMOBILES.

Great Changes Wrought by Motor Cars in Western Texas.

"I have just returned from a tour of
the great ranching regions of western
Texas," said the salesman to a repre-
sentative of the Houston Post, "and as
it is my custom to make that belt at
least twice every year it comes easy
for me to note the progress."

"No man who has not visited it in
recent months can even surmise the
great change worked by the automo-
bile. Why, the latter has now brought
points more than a hundred miles dis-
tant from the railways into the closest
touch with civilization. What used to
be days of travel between distant
ranches and railway stations is now
merely a matter of a very few hours."

"Nearly all the ranchmen own their
automobiles, and you can see them
skimming the broad prairie in every
direction, at times frightening the jack
rabbits and the coyotes and striking
consternation to the hearts of hoot
owls and rattlesnakes."

"With the passing of the cowboy has
almost come the passing of the cow-
pony, too, for on several big ranches I
actually saw men rounding up the
herds in automobiles."

CAT A BIRD'S CHIEF ENEMY.

Professor Hodge of Clark University Urges Feline Extirpation.

Professor Clifton F. Hodge, biologist
at Clark university in Worcester,
Mass., has come out urging the extir-
pation of all cats by municipalities,
declaring they are the worst existing
enemy of bird life, says a Worcester
dispatch to the New York Tribune.

"This has become a matter of na-
tional consequence," says Professor
Hodge, "and demands the attention of
cities as well as of people in the coun-
try. I have given much attention to
this subject, and I am firmly convinced
the cat is the worst enemy the bird
has. Not excepting the severities of
winter, scourges of disease that might
prevail in bird families and all other
enemies of bird life combined, the cat
is the arch fiend of them all and stands
at the head of the list as a destroyer
of bird life. We need the German
method of cat traps like those that in
one year killed 30,000 cats in Ham-
burg."

The World's Finest Hospital.

In Mexico City a new hospital has
recently been completed which has
no rival in the world today, says the
Metropolitan Magazine. It is built on
the French detached plan and consists
of thirty-five buildings, each fifty feet
apart, built on the most modern and
approved sanitary lines, with a mag-
nificent operating theater and a com-
plete system of isolated wards for all
infectious diseases.

Man of Many Attainments.

Doc Cowley, editor of the Cowgill
Chief, is now a rural route carrier and
is in love with his job, says the Kan-
sas City Journal. Cowley is editor of
a newspaper, physician, farmer, some-
times a member of the pension board,
secretary of the county Republican com-
mittee, town poet, rural carrier and
several more things.

Gold Finders Now Use Autos.

As horses are too slow for the gold
finders in the west, an automobile
seating fifteen passengers has been put
in operation between Bull Frog and
Las Vegas, one of the new mining
towns in California. It covers the 130
miles of bad roadway about four times
as fast as was ever done by horse
drawn stages.

A Linguistic Bird.

A bird which can talk in two languages
and whose vocabulary consists of seven-
teen phrases is the latest addition to
the London zoological gardens. The
bird belongs to a species known as the
larger hill mynah, which flourishes in
northern India. Three of its phrases
are in an Indian dialect and the rest
in English.

An Automobile Club For China.

Court officials in China now have an
automobile garage with some fifteen
or twenty machines that are handled
by native chauffeurs. As might be ex-
pected, the Automobile club has been
formed, with headquarters in Shang-
hai. It already boasts of twenty-five
members.

WHAT IS GOING ON IN THE FIELD OF SPORT

FEW PLAYERS

From Canton Team Will be Used on
the New Organization—Wilmot
Claimed by Detroit.

After telling of the transfer of the
Fort Wayne Central league franchise
to Canton, the Morning News of that
town says of the association team:

"As regards the local team that has
been playing games in the Protective
association, very few of the players
will be kept here for use in the Cen-
tral league. One of the recommenda-
tions made by the Central league
president last night was that members
of the old Canton team, who were for-
merly members of the Springfield team
in the Central league would be rein-
stated, and they could, if so wished by
the local management, play on the lo-
cal team. This pertains directly to
Third Baseman Johnson, Right Fielder
Plummer and Pitcher Myers, the trio
having jumped to this city from the
Springfield team. The intention is to
keep these three men, and also Catcher
Seals, along with either Pitcher Wil-
mott or Kline. Grand Rapids has a
claim on the former twirler. Kline,
however, on the face of his work, ap-
pears to have the pull over Wilmott."

CAN IMPOSE FINES.

The managers' meeting at Akron in-
tends giving President Morton more
latitude as to imposing fines on clubs
and players. That's a good thing. No
organization can stand without the
president having sufficient power to
preserve order among its members.

CAPT. ROGERS A MANAGER.

Lyman W. Rogers, captain of the
Denison track team has taken for the
summer the management of a health
magazine published in Chicago.

MASSILLON 3, LANCASTER 1.

Lancaster, July 13.—Compton, who
pitched for the locals against Massillon
yesterday piled up three errors in the
second inning, and they with Drake's
two base hit, won the game for the
visitors. The locals could not hit Smith
safely, only two bingles being made
off his delivery. Score: R. H. E.
Massillon 3 5 5
Lancaster 1 2 6
Batteries—Smith, Mattison; Com-
pton, Winters. Two base hits—Drake
and Burke. Umpire—Price.

HERE'S A DEFI

"We may be farmers but the County
officials want a game of base ball,"
said a sporty county official to an Ad-
vocate reporter today, "and it is up
to the City Hall chaps to deliver the
goods. We have our line-up, and can
make it known any time, and it is
one that will make those city lads
crouch with fear. Let them name the
date or forever keep silent."

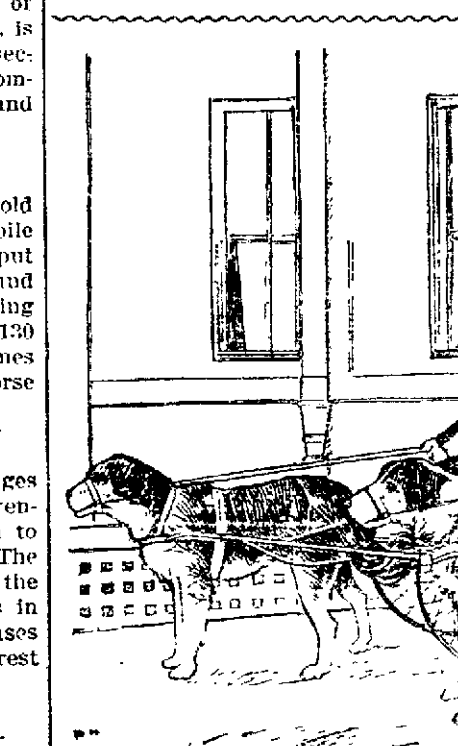

CINCINNATI EXCURSION.

On Sunday, July 16, the B. & O. will
sell excursion tickets Newark to Cin-
cinnati. Fare for the round trip only
\$2.50. Special train will leave Newark
at 5:30 a. m.; returning will leave Cin-
cinnati at 7 p. m.

Miss Clara Driscoll, a wealthy Tex-
as girl, has purchased the ruins of the
old monastery of Alamo, part of the
battlefield where the freedom of Tex-
as was won from Mexico. It was pro-
posed to erect a modern hotel there,
but Miss Driscoll stepped in and pur-
chased the spot for \$75,000 and will
now reconstruct the ancient and re-
nowned edifice.

Andrew Carnegie is a citizen of
more towns than anyone else. He has
received the freedom of almost every
city in England and Scotland for
which he has contributed a free li-
brary or other institution. He will
soon require a museum to accommo-
date the caskets containing parchment
rolls of his citizenship.

Mrs. Charles Gray, who was for-
merly Mrs. Amanda Monks, a well-
known Confederate spy during the
civil war, was drowned at Santa Cruz,
California.

TWO FAMOUS TROTTING DOGS.

The little son and daughter of M. J. Brooks of Franklin, N. H., who are
shown driving, are proud of the fact that they are the owners of the only dogs
in the world trained to trot to sulky in race on the track. The St. Bernards
are very speedy, and their owners have had numerous orders to exhibit them from
managers of county fairs. The dogs, which are but a little more than a year
old, are as tractable in harness as the most staid family horse.

NEWARK A. I. U.

Defeated Team Representing Colum-
bus Lodge at Annual Picnic
Held Wednesday.

In a ten inning game of baseball at
Buckeye Lake Park Wednesday after-
noon, the Newark A. I. U. baseball
team defeated a team representing the
Columbus lodge, the score being 15 to
13. The feature of the game which
stood out pre-eminent was the long
catch of Brown in left field. Batteries
—Drone and Heib; Merriman, Davis
and Friend. This ball game was one
of the features of the A. I. U. picnic.

KATE DIXON WINS FIRST MONEY

NEWARK HORSE IN 2:30 PACE
WAS FIRST, RUTH EVELYN
SECOND.

In 2:18 Trot, While Lady Flavia First
Newark Favorite, Divided Also
Money With Another.

One Newark horse owner was made
happy Wednesday afternoon when he
saw his pacer, Kate Dixon, push her
nose under the wire at the judges' stand
in the 2:30 pace. This horse
found it easy money. Without trouble
Kate won all three heats, the best time
being 2:21 1-4.

Ruth Evelyn, another Newark horse
entered by the same owner, won sec-
ond money in the 2:18 trot, finishing in
second place in the three last heats,
but winning the first one. Lady Flavia,
another local racer, divided the money
for second place with Milbert, owned
by A. L. Walters, of Canal Dover, O.

In the 2:30 pace another accident
occurred which was miraculous from
the fact that neither the horses nor
their drivers were injured. Jessie
Frazier, one of the promising ones,
took fright at a piece of paper on the
course and broke. In some manner he
became entangled in his harness and
was thrown. The sulky was demol-
ished and Great Star, who was follow-
ing, ran into the wreck. These horses were
placed by the judges, being unable to
finish the heat. Prince T. ran the
course with one tire partly off the
sulky wheel, caused by a sudden turn
at the scene of the accident.

Starter Lew Jack was compelled to
issue some strict orders to the drivers
in the 2:18 trot, regarding the manner
in which the horses were getting away.
He told the drivers in words that could
not be misinterpreted and the popular
starter won the applause of the crowd
for his work. The efforts of this of-
ficial to give the spectators clean racing
has made him popular with the crowd.

The officials of the meeting found it
necessary to call off Friday's races off
on account of the failure of a num-
ber of horses entered to report on the
grounds. Rather than give the public
a poor race, it was decided to close
with this afternoon's events. The sum-
mary:

2:18 Trot—Purse \$300.

BEDUR'S ESCAPE

From Carrie Nation, the Unfair Um-
pire of Kansas.

Fred Sypher, sporting editor of the
Akron Times-Democrat, prints the fol-
lowing dialogue between a guardian
of an initial castle and the hardware
poetess of the Sunflower state:

Anyone who witnessed the Akron
Massillon football game last Thanks-
giving Day would certainly be a
Doubting Thomas if told that Big Ot-
to Bedur, the local boy from Canton,
ever experienced the feeling of fear,
but there was a time last summer
when the big fellow actually quaked.
That was when he met Carrie Nation,
the Kansas hatchet manipulator, in a
hotel in Youngstown.

Otto was with the Canton team then.
The story is told by Eddie Nist, Can-
ton's comedian catcher. Bedur came
out of his room just after the game.
Smoking a cigarette. He was walking
toward the elevator when Carrie came
out of her room, on the same floor.

The first thing she saw was the
cigarette, and she immediately started
in. She told him a dumb animal
would not take the deadly poison from
tobacco into its system, among a lot
of other things, and ended with an
appeal to his "better sense." All the
while Bedur was trying to edge away,
but Carrie held his attention by block-
ing his way. "Where do you work?"
Carrie finally belched forth.

"On a railroad," answered Big Otto.
"I believe you lie. Railroad com-
panies don't want drink and tobacco
users," she retorted.

Bedur finally escaped by telling her
that he had to catch a train and he
got on the elevator. Carrie pressed
her face against the screen that pro-
tected the elevator shaft and yelled
after the retreating ball player, but
he never turned to take a last look at
her, and when the team left the hotel
he hired another member of the team
to bring his suit case and other be-
longings out of his room.

WILL EXCLUDE COOLIE LABOR

PRESIDENT ROOSEVELT SAYS THE LAW WILL BE VIGOROUSLY ENFORCED.

He Talks With Labor Leaders—False Construction Placed on the Recent Order.

Oyster Bay, N. Y., July 13.—A conference was held here between President Roosevelt and two of the important leaders of organized labor, Samuel Gompers of Washington and James Duncan of Quincy, Mass., respectively the president and one of the vice presidents of the American Federation of Labor. The conference was devoted particularly to a consideration of the order recently issued by the president regarding the enforcement of the Chinese exclusion law. An impression had been gained by many members of labor organizations that the order, to an extent at least, let down the immigration bars so far as the Chinese were concerned. The president assured his callers, however, that no such construction properly could be placed on the order, and that he was just as vigorously opposed to the admission to this country of Chinese coolies as they could be.

"We directed the president's attention," said Mr. Gompers after the conference, "to the interpretation placed by some persons on his recent order issued at the instance of the American Asiatic association, concerning the admission to this country of Chinese. By many of our own people and by many Chinese that order was looked upon as a letting down of the immigration bars so far as the Chinese are concerned. The president assured us that no proper reading of the order would warrant such an interpretation, and that nothing was further from his intention than that such an impression should be gotten from the order. His determination is that both skilled and unskilled Chinese laborers shall be excluded from the United States, and he says the law will be rigidly enforced. His order related only to the so-called exempt classes, merchants, students, travelers and the like, who heretofore have had difficulty in gaining admission to this country because of the many fraudulent certificates issued to them and to coolies who are not entitled to certificates. We went over the entire matter, the conference being perfectly satisfactory to us. The president suggested that in the course of the next five or six months we again bring the matter to his attention in the light of experience of that length of time in working under the order."

Mr. Motiel of a downtown church in New York has planned a series of personally conducted excursions for a mission club for his parish, which numbers about 400 girls from the factories and shops of the city. He will take the society on the sight-seeing trips by yacht and automobile, as well as to the Metropolitan museum of art and similar institutions which have open doors on Sunday. "Call it popularizing religion or what you may," says the minister, "the undertaking is in accord with common sense and with pure religion. There can be no reasonable objection to our young girls taking such excursions on Sunday afternoons, especially when they have shown a respect for the day by attending divine service in the morning."

Judge Bishop of the juvenile court in St. Louis thinks it is good for boys in fight occasionally. The foreman of a brewery caused the arrest of two 12-year-olds who had been engaged in a game of fistfists. The judge reproved him for doing so, lectured the boys and sent them home. "I do not wish," said his honor, "to be quoted as an advocate of fighting, and yet there are times when no other course is open to man or nation. Besides, it is a serious thing to put the stigma of arrest on these boys for such an offense, which was not nearly so great as the complainant's in causing them to be taken to the police station."

PRESCRIPTION FOR INDIGESTION.

How Scores of Newark People Obtain Relief.

If it really were known how many Newark residents have been cured of stomach trouble and indigestion by Dr. Davis' Prescription, it might perhaps surprise you, but what is more surprising is the fact that any one will continue to suffer with heart burn, sour stomach, water brash, sick headache, mental depression, neuralgia, and other distressing symptoms of dyspepsia when there is a remedy of such great merit that it almost invariably fits every one that takes it. Peppermint Tablets are the prescription of Dr. Davis, physician who devoted a lifetime to the study of stomach trouble, and if your food does not agree with you, if you are tired, nervous, worn out, low spirited, and your energy at low ebb, it may be the best you can know that no other prescription in this world has a greater record of cures behind it, and there is nothing more certain to give you relief. Write to E. M. Mowry, Druggist, 112 Dearborn street, Chicago, Ill., for a free trial of Dr. Davis' Prescription.

I am glad to bear testimony to the wonderful cure Thompson's Barosma

SAYS WIFE WAS ENTICED AWAY

JAY CLUTTER FILES SUIT FOR
DAMAGES AGAINST AMANDA
EDMAN.

Suit Filed by Heirs of Louania Scott to
Have Deed Set Aside—Other
News of the Courts.

Jay R. Clutter, by his attorneys, Kibler & Kibler, has commenced suit in the Common Pleas court against Amanda Edman for \$5,000 damages. The plaintiff says that his wife, who was living happily with him, was, on the 13th of July, 1904, enticed away from her home by the defendant, and that she has ever since been harbored at the home of the defendant against his consent and his peaceable efforts to prevent it. Plaintiff says he has been wrongfully deprived by the defendant of the affection, society and services of his wife, and the society of their child, now less than 14 months old, and that he has suffered great distress of body and mind, to his damage in the sum of \$5,000, for which he asks judgment.

Want Deed Set Aside.

Fred Scott, Dora Evans, Stella Evans, Nellie Anderson, Belle Reall and Edward Scott have commenced suit in the Common Pleas court against Frank Scott to have a deed for certain property in Granville set aside and annulled.

The plaintiffs say that they and the defendant are children and heirs at law of Louania Scott, deceased. They say that at the time of her death Louania Scott was of unsound mind, and an imbecile, and entirely incapable of transacting any business and understanding the nature thereof, in which condition she had continued to be for many years, and prior to July 31, 1901; that on July 31, 1901, Louania Scott was the owner in fee simple of lot 6 in Granville; that on said date the defendant induced and coerced Louania Scott to execute a deed for the property, purporting to convey the same to him in fee simple, for the consideration of \$1, and for care and support, before said time, furnished to her, and for care and support during the balance of her natural life.

That the defendant by virtue of said pretended deed, is now in possession of the property, is about to sell and convey the same, and convert the proceeds of the sale to his own use.

Plaintiffs say that no consideration whatever was paid by the defendant to Louania Scott; that Louania Scott was not indebted to him in any sum whatever, for care and support, or for anything else, and that the defendant did not after said date, furnish to Louania Scott care and support during the balance of her life, or for any period of time, whatever. On the contrary Louania Scott was taken care of and provided for by the plaintiffs until the time of her death.

Plaintiffs say that ever since July 1, defendant has had the use, rents and profits of the real estate, worth \$10 per month, amounting in all to \$480, and that the defendant is indebted to the plaintiffs in that amount.

Plaintiffs ask that the deed be set aside, vacated and annulled; that pending this action the defendant be enjoined from selling the property or in any manner encumbering the same. They further ask that an accounting be had as to the amount owing from defendant to the plaintiffs for the use, rents and profits of the property, and that they recover judgment from the defendant in the sum of \$480, and for all other and proper relief.

An injunction as prayed for was issued by Probate Judge W. A. Irvine. Frank Bolton and Smythe & Smythe attorneys for plaintiffs.

To Recover Money.

Joseph Bebout, by his attorneys, Jones & Jones, has commenced suit in Common Pleas court against Lavrd V. Dugan as administrator of the last will and testament of Lavina Johnson, deceased, to recover \$732, alleged to be due him, together with interest on the same from Feb. 4, 1901, to July 10, 1904 and also for the funeral of the decedent, held at the residence of the plaintiff. Plaintiff says that his claim was, between the 6th day of December, 1904 and the 26th day of January, 1905, presented in writing to the defendant, as executor, and his allowance or rejection as a valid claim against the estate, and was taken under advisement by him, and was rejected.

Sues For Divorce.

Ralph Perrin has commenced suit for divorce in the Probate court against his wife, Florence Perrin. The parties were married in Columbus on April 24, 1901, and no children were born of the marriage. For cause of action the plaintiff charges, his wife with wilful absence and disregard of her marital duties. L. C. Russell, attorney for the plaintiff.

AMUSEMENTS

Wednesday night closed the performance of La Mascotte, and with it has closed the most successful of the pieces so far presented by the Robinson company. The audiences have been large and appreciative and the popularity of the Robinson opera company appears to be increasing, if popularity can be judged by patronage.

Although suffering terribly from a severe cold in the throat, Montjoy Walker kept the audience laughing.

W. J. McGraw as Rocco, furnished a goodly amount of comedy and did the part well.

Miss Emmet did Bettina in a manner which won hearty applause.

One of the main attractions of the show is the whistling specialty by Miss Florence Lester. Miss Lester holds the distinction of being the only lady whistler known who actually whistles by the use of her fingers alone. She whistles in exact tune and with the skill of a bird. She made a decided hit with her medley of plantation airs, and she renders Cavalleria Rusticana in a style which is faultless.

The bill commencing with Thursday night will be "Pirates of Morocco," that laughable comedy opera sometimes known as "Girofle-Girofla" by Chas. Lecocq.

The principal roles will be taken by Miss Emmett, Mr. French, Mr. Koch and McGraw and Walker.

The sale of seats so far is very good and a large attendance is anticipated.

TO HIS WIFE

This Minister Confessed His Misdeeds
and Then Deserted His Family.

Parkersburg, W. Va., July 13.—Rev. A. Kelley, pastor of the First Methodist Episcopal church in Salem and statistical secretary of the West Virginia conference, has withdrawn from the ministry and the church, has abandoned his wife and four small children and departed for parts unknown. The state industrial school for girls is located at Salem, and several months ago, Margaret Evans, an inmate, was allowed to take employment at the parsonage as a cook. The pastor's wife says she discovered that her husband and the Evans girl were very friendly, and, accusing Mr. Kelley he confessed. The girl was returned to the home and the matter was kept quiet until a few days ago, when the girl told the matron of the school. She sent for Mr. Kelley, who then turned over his charge to the presiding elder, withdrew from the ministry and the church and boarded the first train for the west. His wife and four little ones, all under 12 years of age, have gone to his father's home near Spencer.

BATH TREATMENT FOR THE INSANE

WILL BE USED AT STATE HOSPI-
TAL IN THE CITY OF
COLUMBUS.

Elaborate Preparations Have Been
Made by Management With Hope
of Good Results.

Columbus, O., July 13.—The "water cure," or bath treatment for insanity, is to be carried out at the State hospital for the insane, on a scale probably as extensive as in any other similar institution in the country. Steps in this direction have already been taken, and on Wednesday a large consignment of apparatus for the purpose was inspected by the superintendent, Dr. George Stockton, and Frank L. Packard, the architect of Greer cottage, in the basement of which the patients are to receive the treatment.

Some of the apparatus, however, will be movable, so that it will be possible to take it to the room of a patient, in an emergency and give the treatment there.

Preachers of rational theapeutics are insisting, and assert that it has been already demonstrated, that systematic treatment of insanity by baths has in many cases effected at least temporary cures, and in every case it has given relief. They also claim for the treatment that it has a tendency to regulate the different functions of the body and produce a normal condition. Its benefits are not questioned, and the treatment has been practiced in a limited way at the institution under the direction of Dr. Stockton, but owing to a shortage of funds, it was impossible to go into the treatment on the extensive plan that is contemplated.

It is not a new treatment by any means, but it has been receiving, within late years, the support of leading and influential members of the medical fraternity who were disinterested in it before.

Many of the acute cases are attributed to bad nutrition and a lack of elimination, and both of these causes of insanity have been removed by the bath treatment.

Dr. Stockton is of the opinion that the institution will make a commendable showing in its new department, and turn out patients cured, who have been in the hospital for years. Their insanity has superinduced in a measure by diseases of the stomach or nervous system, and both of these ailments, it is asserted, yield readily to the bath treatment.

In the nurses' training school of the hospital the young women will be thoroughly instructed in giving the various forms of massages, as this is to be a feature of the bath treatment, and for this purpose there will be specially made distributing tables. In addition to the tables there will be in the basement of the cottage, a Turkish, Russian, electric, light cabinet, sprays, hip sitz, needles, douches and electrical baths. In the latter, the water is charged with electricity, and in the cabinet bath, the patient receives the benefit of the heat from hundreds of miniature electric lighted bulbs or from as many as his physical condition will permit.

During this heating process, which soon results in free perspiration, the patient's head is bathed in iced clothes. His body is kept in the cabinet until he has received the full benefit of the heat, and is then lead to the sprays and other apparatus, according to his needs.
